Testing Requirements

Passing score on Algebra 1 FSA

Passing score on 10th grade ELA (reading/writing) test

Participation in EOC tests for Biology, Geometry, Algebra 2, and US History

Tips about your schedule

Foreign language- We recommend two years of the same language to meet requirements for colleges/universities but it is not required for graduation

Math credits earned in middle school do not count towards the 4 credits needed for graduation

Virtual class requirement can be satisfied with any complete class through SCVS or FLVS
